SARS-CoV2 Testing

Certified Test Results Summary

October, 2021

SARS-CoV2 Testing Summary

- Fellowes partnered with Prof. A. Izzotti, part of the School of Hygiene and Preventative Medicine at the University of Genoa, Italy.
- Experimental study on the effectiveness of AeraMax Pro in capturing and neutralizing the SARS-CoV-2 virus.
- Testing was conducted using aerosolized particulate of SARS-CoV-2
- Aerosolized particulate was channelled directly into the inlet of the AM PRO III PC and particulate measured at the exhaust to measure % captured at 99.9999%
- Wipe Tests completed within 5 minutes of test completion on HEPA Filter, Filter Frame and pre-filter to verify they played a role in trapping the virus.
- The full test methodology is available along with test reports from the lab.
